

## APPRECIATION LETTER TO OUR SNOW-FIGHTING HEROES

*From the President and Executive Board Uniformed Sanitationmen's Association Local 831*

### To Our Dedicated Brothers and Sisters,

On behalf of the Executive Board and myself, I extend my deepest gratitude and admiration for the extraordinary job you performed during the recent snowstorm.

As the snow fell heavily across the city, you answered the call without hesitation. Through freezing temperatures, long shifts, and hazardous road conditions, you once again demonstrated the unmatched professionalism and pride that define the men and women of the New York City Department of Sanitation.

While much of the city remained indoors, you were out front, plowing streets, salting intersections, clearing corners, and ensuring emergency vehicles, essential workers, and families could travel safely. The snow-covered skyline served as a reminder that New York runs because you show up, no matter the conditions.

Your commitment does not go unnoticed. Residents across the five boroughs depend on your strength, skill, and dedication, especially during severe weather events. Once again, you proved why New York City sanitation workers are the best in the world.

Thank you for your tireless work, your sacrifice, and your unwavering solidarity. We are proud to stand with you and honored to represent you.

**In unity and appreciation,**

**Dennis J. Schock**

President and the **Executive Board**

Uniformed Sanitationmen's Association Local 831
